
TABLE OF CONTENTS

Cover Sheet	iii
Table of Contents	vii
List of Figures	xxvi
List of Tables.....	xxx
Acronyms, Abbreviations, and Conversion Charts	xliv

Volume 1 Chapters 1 through 11

Chapter 1 Introduction and Purpose and Need for Agency Action

1.1 Background	1-6
1.2 Purpose and Need for Agency Action.....	1-11
1.3 Scope and Alternatives in this New Site-Wide Environmental Impact Statement for Los Alamos National Laboratory Operations	1-11
1.3.1 No Action Alternative	1-13
1.3.2 Reduced Operations Alternative.....	1-15
1.3.3 Expanded Operations Alternative.....	1-15
1.3.4 Preferred Alternative	1-22
1.4 National Nuclear Security Administration Decisions To Be Supported by the Site-Wide Environmental Impact Statement	1-23
1.5 Relationships to Other Department of Energy National Environmental Policy Act Documents and Information Sources	1-26
1.6 Public Involvement	1-33
1.7 Content of this New Site-Wide Environmental Impact Statement	1-41

Chapter 2 Los Alamos National Laboratory Activities and Facilities Update

2.1 Overview of Los Alamos National Laboratory Activities since Publication of the 1999 SWEIS	2-2
2.2 Site-Wide Changes at the Los Alamos National Laboratory Since Publication of the 1999 SWEIS	2-3
2.2.1 Cerro Grande Fire.....	2-6
2.2.2 Land Conveyance and Transfer.....	2-7
2.2.3 LANL Security Enhancements	2-8
2.2.4 Operational Stand Down	2-8
2.2.5 Off-Site Source Recovery Project	2-9
2.2.6 Environmental Restoration Project.....	2-9

2.3	Technical Areas	2-11
2.4	Key Facilities	2-19
2.4.1	Chemistry and Metallurgy Research Building (Technical Area 3).....	2-27
2.4.2	Sigma Complex (Technical Area 3)	2-29
2.4.3	Machine Shops (Technical Area 3)	2-31
2.4.4	Materials Science Laboratory (Technical Area 3).....	2-33
2.4.5	High Explosives Processing (Technical Areas 8, 9, 11, 16, 22, and 37)	2-34
2.4.6	High Explosives Testing (Technical Areas 14, 15, 36, 39, and 40).....	2-36
2.4.7	Tritium Facilities (Technical Area 16 and Technical Area 21)	2-38
2.4.8	Pajarito Site (Technical Area 18)	2-41
2.4.9	Target Fabrication Facility (Technical Area 35)	2-43
2.4.10	Bioscience Facilities (Technical Areas 43, 3, 16, 35, 46) (formerly called the Health Research Laboratory [Technical Area 43]).....	2-44
2.4.11	Radiochemistry Facility (Technical Area 48).....	2-47
2.4.12	Radioactive Liquid Waste Treatment Facility (Technical Area 50).....	2-49
2.4.13	Los Alamos Neutron Science Center (Technical Area 53).....	2-52
2.4.14	Solid Radioactive and Chemical Waste Facilities (Technical Area 54 and Technical Area 50)	2-56
2.4.15	Plutonium Facility Complex (Technical Area 55).....	2-57
2.4.16	Non-Key Facilities.....	2-59
2.5	Overview of Actual Impacts Compared to Site-Wide Environmental Impact Statement Projections	2-64

Chapter 3
Alternatives for Continued Operation of Los Alamos National Laboratory

3.1	No Action Alternative	3-3
3.1.1	Site-wide Projects.....	3-3
3.1.1.1	Security Needs.....	3-3
3.1.1.2	Land Conveyance and Transfer	3-6
3.1.1.3	Electrical Power System Upgrades.....	3-7
3.1.1.4	Wildfire Hazard Reduction Project Plan.....	3-7
3.1.1.5	Disposition of Flood and Sediment Retention Structures	3-7
3.1.1.6	Trails Management Program	3-8
3.1.1.7	Off-Site Source Recovery Project.....	3-8
3.1.2	Technical Area Projects.....	3-8
3.1.2.1	Technical Area 3.....	3-9
3.1.2.2	Technical Area 18.....	3-10
3.1.2.3	Deactivation and Decontamination of Technical Area 21 Buildings.....	3-10
3.1.2.4	Technical Area 54 Material Disposal Area H Closure	3-11
3.1.3	Key Facilities.....	3-11
3.1.3.1	Chemistry and Metallurgy Research Building.....	3-11
3.1.3.2	Sigma Complex	3-15
3.1.3.3	Machine Shops	3-16
3.1.3.4	Material Sciences Laboratory	3-18
3.1.3.5	Nicholas C. Metropolis Center for Modeling and Simulation	3-20
3.1.3.6	High Explosives Processing Facilities	3-21
3.1.3.7	High Explosives Testing Facilities	3-24
3.1.3.8	Tritium Facilities	3-27
3.1.3.9	Pajarito Site	3-30
3.1.3.10	Target Fabrication Facility	3-33
3.1.3.11	Bioscience Facilities (formerly Health Research Laboratory).....	3-34
3.1.3.12	Radiochemistry Facility.....	3-38
3.1.3.13	Waste Management Operations: Radioactive Liquid Waste Treatment Facility	3-43
3.1.3.14	Los Alamos Neutron Science Center.....	3-45

3.1.3.15	Waste Management Operations: Solid Radioactive and Chemical Waste Facilities	3-50
3.1.3.16	Plutonium Facility Complex	3-54
3.2	Reduced Operations Alternative	3-58
3.2.1	High Explosives Processing Facilities	3-58
3.2.2	High Explosives Testing Facilities	3-59
3.2.3	Pajarito Site	3-59
3.2.4	Los Alamos Neutron Science Center	3-59
3.3	Expanded Operations Alternative	3-59
3.3.1	Los Alamos National Laboratory Site-Wide Projects	3-59
3.3.1.1	Security Needs	3-60
3.3.1.2	Remediation and Closure Activities	3-60
3.3.1.3	Increase in the Type and Quantity of Sealed Sources Managed at Los Alamos National Laboratory by the Off-Site Source Recovery Project	3-61
3.3.2	Technical Area Projects	3-62
3.3.2.1	Technical Area 3	3-62
3.3.2.2	Technical Area 21 Structure Decontamination, Decommissioning, and Demolition Project	3-63
3.3.2.3	Science Complex Project in Technical Area 62	3-64
3.3.2.4	Remote Warehouse and Truck Inspection Station Project in Technical Area 72	3-64
3.3.3	Key Facilities	3-65
3.3.3.1	Chemistry and Metallurgy Research Building	3-65
3.3.3.2	Nicholas C. Metropolis Center for Modeling and Simulation	3-66
3.3.3.3	High Explosives Processing Facilities	3-66
3.3.3.4	Tritium Facilities	3-66
3.3.3.5	Pajarito Site	3-66
3.3.3.6	Bioscience Facilities	3-66
3.3.3.7	Radiochemistry Facility	3-67
3.3.3.8	Waste Management Operations: Radioactive Liquid Waste Treatment Facility	3-67
3.3.3.9	Los Alamos Neutron Science Center	3-68
3.3.3.10	Waste Management Operations: Solid Radioactive and Chemical Waste Facilities	3-68
3.3.3.11	Plutonium Facility Complex	3-68
3.4	Preferred Alternative	3-70
3.5	Alternatives Considered but Not Analyzed in Detail in the Site-Wide Environmental Impact Statement	3-70
3.6	Summary of Environmental Consequences	3-71
3.6.1	Comparison of Potential Consequences of Alternatives for Continued Operation at Los Alamos National Laboratory	3-71
3.6.2	Summary of Cumulative Impacts	3-94
3.6.3	Summaries of Potential Consequences from Project-specific Analyses	3-99

**Chapter 4
Affected Environment**

4.1	Land Resources	4-3
4.1.1	Land Use	4-3
4.1.2	Visual Environment	4-14
4.2	Geology and Soils	4-15
4.2.1	Geology	4-15
4.2.2	Geologic Conditions	4-17
4.2.2.1	Stratigraphy	4-17
4.2.2.2	Volcanism	4-20

4.2.2.3	Seismic Activity	4-21
4.2.2.4	Slope Stability, Subsidence, and Soil Liquefaction	4-25
4.2.3	Soils	4-25
4.2.3.1	Soil Monitoring.....	4-26
4.2.3.2	Soil Erosion	4-30
4.2.4	Mineral Resources	4-31
4.2.5	Paleontological Resources	4-31
4.3	Water Resources	4-31
4.3.1	Surface Water	4-33
4.3.1.1	Surface Water and Sediment Quality.....	4-34
4.3.1.2	Industrial Effluents	4-40
4.3.1.3	Stormwater Runoff	4-46
4.3.1.4	Watercourse Protection.....	4-50
4.3.1.5	Watershed and Sediment Monitoring	4-51
4.3.1.6	Floodplains	4-53
4.3.1.7	Overview of Cerro Grande Fire Impacts on Los Alamos Watersheds.....	4-55
4.3.2	Groundwater	4-60
4.4	Air Quality and Noise	4-65
4.4.1	Climatology and Meteorology	4-65
4.4.1.1	Wind Conditions.....	4-67
4.4.1.2	Severe Weather.....	4-72
4.4.2	Nonradiological Air Quality.....	4-72
4.4.2.1	Applicable Requirements and Guidelines.....	4-72
4.4.2.2	Sources of Nonradiological Emissions	4-73
4.4.2.3	Existing Ambient Air Conditions	4-76
4.4.3	Radiological Air Quality	4-77
4.4.3.1	Radiological Monitoring.....	4-78
4.4.4	Visibility.....	4-79
4.4.5	Noise, Air Blasts, and Vibration Environment	4-80
4.4.5.1	Noise Level Regulatory Limits and Los Alamos National Laboratory Administrative Requirements.....	4-81
4.4.5.2	Existing Los Alamos National Laboratory Noise Air Blast and Vibration Environment	4-82
4.5	Ecological Resources.....	4-82
4.5.1	Terrestrial Ecology	4-83
4.5.2	Wetlands.....	4-85
4.5.3	Aquatic Resources	4-86
4.5.4	Protected and Sensitive Species.....	4-87
4.5.5	Biodiversity	4-92
4.6	Human Health	4-94
4.6.1	Public Health in the Los Alamos National Laboratory Vicinity.....	4-94
4.6.1.1	Cancer Incidence and Mortality in the Los Alamos Region	4-94
4.6.1.2	Radiation in the Environment around Los Alamos National Laboratory	4-95
4.6.1.3	Radionuclides and Chemicals in the Environment Around Los Alamos National Laboratory	4-99
4.6.2	Los Alamos National Laboratory Worker Health.....	4-102
4.6.2.1	Worker Exposures to Ionizing Radiation.....	4-102
4.6.2.2	Non-ionizing Radiation, Chemical and Biological Exposures	4-103
4.6.2.3	Occupational Injuries and Illness.....	4-105
4.6.3	Accident History.....	4-105
4.6.4	Los Alamos National Laboratory Emergency Management and Response Program.....	4-107

4.7	Cultural Resources.....	4-109
4.7.1	Archaeological Resources	4-111
4.7.2	Historic Buildings and Structures.....	4-112
4.7.3	Traditional Cultural Properties	4-113
4.8	Socioeconomics and Infrastructure	4-114
4.8.1	Socioeconomics.....	4-114
4.8.1.1	Regional Economic Characteristics	4-115
4.8.1.2	Demographic Characteristics.....	4-116
4.8.1.3	Regional Income.....	4-116
4.8.1.4	Los Alamos National Laboratory-Affiliated Work Force.....	4-117
4.8.1.5	Housing.....	4-118
4.8.1.6	Local Government Finances	4-118
4.8.1.7	Services.....	4-119
4.8.2	Infrastructure	4-120
4.8.2.1	Electricity	4-120
4.8.2.2	Fuel.....	4-125
4.8.2.3	Water	4-127
4.9	Waste Management and Pollution Prevention	4-130
4.9.1	Wastewater Treatment and Effluent Reduction.....	4-131
4.9.1.1	Sanitary Liquid Waste	4-131
4.9.1.2	Sanitary Sludge.....	4-131
4.9.1.3	High Explosives-Contaminated Liquid Wastes	4-132
4.9.1.4	Industrial Effluent.....	4-132
4.9.2	Solid Waste.....	4-132
4.9.3	Radioactive and Chemical Waste	4-133
4.10	Transportation	4-144
4.10.1	Regional and Site Transportation Routes	4-144
4.10.2	Transportation Accidents.....	4-147
4.10.3	Los Alamos National Laboratory Shipments.....	4-148
4.10.3.1	Onsite Shipments.....	4-148
4.10.3.2	Offsite Shipments	4-149
4.11	Environmental Justice	4-150
4.11.1	Region of Analysis	4-151
4.11.2	Changes Since the 1999 SWEIS.....	4-152
4.11.3	Minority Population in 2000.....	4-154
4.11.4	Low-Income Population in 2000	4-154
4.12	Environmental Restoration.....	4-154

Chapter 5

Environmental Consequences

5.1	Land Resources Impacts	5-2
5.1.1	Land Use.....	5-2
5.1.1.1	No Action Alternative.....	5-2
5.1.1.2	Reduced Operations Alternative	5-5
5.1.1.3	Expanded Operations Alternative	5-5
5.1.2	Visual Environment Impacts	5-8
5.1.2.1	No Action Alternative.....	5-8
5.1.2.2	Reduced Operations Alternative	5-13
5.1.2.3	Expanded Operations Alternative.....	5-14

5.2	Geology and Soils	5-18
5.2.1	No Action Alternative	5-22
5.2.2	Reduced Operations Alternative	5-23
5.2.3	Expanded Operations Alternative	5-23
5.3	Water Resources	5-28
5.3.1	Surface Water	5-28
5.3.1.1	No Action Alternative	5-32
5.3.1.2	Reduced Operations Alternative	5-35
5.3.1.3	Expanded Operations Alternative	5-36
5.3.2	Groundwater Resources	5-38
5.3.2.1	No Action Alternative	5-40
5.3.2.2	Reduced Operations Alternative	5-41
5.3.2.3	Expanded Operations Alternative	5-41
5.4	Air Quality and Noise	5-42
5.4.1	Nonradiological Impacts	5-42
5.4.1.1	No Action Alternative	5-43
5.4.1.2	Reduced Operations Alternative	5-52
5.4.1.3	Expanded Operations Alternative	5-54
5.4.2	Radiological Air Quality Impacts	5-56
5.4.2.1	No Action Alternative	5-58
5.4.2.2	Reduced Operations Alternative	5-58
5.4.2.3	Expanded Operations Alternative	5-59
5.4.3	Noise Impacts	5-61
5.4.3.1	No Action Alternative	5-62
5.4.3.2	Reduced Operations Alternative	5-67
5.4.3.3	Expanded Operations Alternative	5-68
5.5	Ecological Resources	5-70
5.5.1	No Action Alternative	5-74
5.5.2	Reduced Operations Alternative	5-76
5.5.3	Expanded Operations Alternative	5-77
5.6	Human Health	5-82
5.6.1	Radiological Impacts on the Public	5-82
5.6.1.1	No Action Alternative	5-86
5.6.1.2	Reduced Operations Alternative	5-88
5.6.1.3	Expanded Operations Alternative	5-90
5.6.2	Chemical Impacts on the Public	5-93
5.6.2.1	No Action Alternative	5-93
5.6.2.2	Reduced Operations Alternative	5-95
5.6.2.3	Expanded Operations Alternative	5-95
5.6.3	Worker Health	5-95
5.6.3.1	No Action Alternative	5-95
5.6.3.2	Reduced Operations Alternative	5-97
5.6.3.3	Expanded Operations Alternative	5-98
5.7	Cultural Resources	5-101
5.7.1	No Action Alternative	5-101
5.7.2	Reduced Operations Alternative	5-106
5.7.3	Expanded Operations Alternative	5-106
5.8	Socioeconomics and Infrastructure	5-111
5.8.1	Socioeconomics	5-111
5.8.1.1	No Action Alternative	5-111
5.8.1.2	Reduced Operations Alternative	5-113
5.8.1.3	Expanded Operations Alternative	5-115

5.8.2	Infrastructure	5-116
5.8.2.1	No Action Alternative.....	5-117
5.8.2.2	Reduced Operations Alternative.....	5-123
5.8.2.3	Expanded Operations Alternative.....	5-125
5.9	Waste Management	5-127
5.9.1	No Action Alternative	5-129
5.9.2	Reduced Operations Alternative.....	5-135
5.9.3	Expanded Operations Alternative.....	5-137
5.10	Transportation	5-144
5.10.1	No Action Alternative	5-149
5.10.2	Reduced Operations Alternative.....	5-151
5.10.3	Expanded Operations Alternative.....	5-153
5.11	Environmental Justice	5-156
5.11.1	No Action Alternative	5-157
5.11.2	Reduced Operations Alternative.....	5-158
5.11.3	Expanded Operations Alternative.....	5-158
5.12	Facility Accidents.....	5-159
5.12.1	Facility Radiological Impacts.....	5-159
5.12.1.1	No Action Alternative.....	5-159
5.12.1.2	Reduced Operations Alternative.....	5-162
5.12.1.3	Expanded Operations Alternative.....	5-162
5.12.2	Facility Hazardous Chemical Impacts.....	5-165
5.12.2.1	No Action Alternative.....	5-165
5.12.2.2	Reduced Operations Alternative.....	5-167
5.12.2.3	Expanded Operations Alternative.....	5-167
5.12.3	Site-Wide Seismic Impacts.....	5-167
5.12.3.1	No Action Alternative.....	5-169
5.12.3.2	Reduced Operations Alternative.....	5-174
5.12.3.3	Expanded Operations Alternative.....	5-176
5.12.4	Wildfire Accident Impacts.....	5-177
5.12.4.1	Radiological.....	5-177
5.12.4.2	Chemical.....	5-179
5.12.5	Construction Accidents	5-180
5.13	Cumulative Impacts.....	5-180
5.14	Mitigation Measures	5-203
5.14.1	Existing Programs and Controls	5-204
5.14.2	Mitigation Measures Incorporated in SWEIS Alternatives	5-207
5.14.3	Other Mitigation Measures Considered.....	5-208
5.15	Resource Commitments.....	5-209
5.15.1	Unavoidable Adverse Environmental Impacts	5-210
5.15.2	Relationship Between Local Short-Term Uses of the Environment and Maintenance and Enhancement of Long-Term Productivity	5-210
5.15.3	Irreversible and Irrecoverable Commitments of Resources	5-211

Chapter 6
Applicable Laws, Regulations, and Other Requirements

6.1 Applicable Federal Laws, Regulations, and Permits6-3

6.2 Executive Orders.....6-15

6.3 Applicable DOE Orders6-19

6.4 Applicable State of New Mexico and Local Statutes, Regulations, and Agreements6-24

6.5 Consultations.....6-24

Chapter 7
References 7-1

Chapter 8
Glossary..... 8-1

Chapter 9
Index..... 9-1

Chapter 10
List of Preparers..... 10-1

Chapter 11
Distribution List 11-1

**Volume 2 Book 1
 Appendices A through H**

**Appendix A
 Federal Register Notices**

**Appendix B
 Nonradiological Air Quality**

B.1	Introduction.....	B-1
B.1.1	Assumptions, Data Sources, Standards, and Models.....	B-1
B.1.1.1	Applicable Guidelines and Standards and Emission Sources.....	B-1
B.1.1.2	Receptors and Receptor Sets.....	B-4
B.1.1.3	Air Quality Dispersion.....	B-5
B.1.2	Criteria Pollutants – General Approach.....	B-5
B.1.2.1	Criteria Pollutants – Methodology.....	B-6
B.1.2.2	Results of Criteria Pollutant Analysis.....	B-6
B.1.3	Toxic Air Pollutants – General Approach.....	B-6
B.1.3.1	Toxic Pollutants – Methodology for Individual Pollutants.....	B-8
B.1.3.2	Toxic Pollutants – Results of Individual Pollutants Analysis.....	B-9
B.1.3.3	Toxic Pollutants – Methodology for Combined Impacts Analyses.....	B-10
B.1.3.4	Toxic Pollutants – Results of Combined Impact Analysis.....	B-11
B.2	References.....	B-12

**Appendix C
 Evaluation of Human Health Impacts from Normal Operations**

C.1	Impacts on Human Health from Radiological Exposure.....	C-1
C.1.1	About Radiation and Radioactivity.....	C-2
C.1.1.1	What Is Radiation?.....	C-2
C.1.1.2	Units of Radiation Measure.....	C-3
C.1.1.3	Sources of Radiation.....	C-4
C.1.1.4	Exposure Pathways.....	C-5
C.1.1.5	Limits of Radiation Exposure.....	C-6
C.1.2	Health Effects.....	C-6
C.1.2.1	Health Effect Risk Estimators Used in this SWEIS.....	C-9
C.1.2.2	Material of Interest at Los Alamos National Laboratory.....	C-10
C.1.3	Methods Used to Estimate Radiological Impacts from Normal Operations.....	C-11
C.1.3.1	Key Facilities Modeled.....	C-11
C.1.3.2	CAP-88 Model.....	C-12
C.1.3.3	Model Input Parameters.....	C-13
C.1.3.4	Results of Analyses.....	C-21
C.1.4	Impacts to Offsite Resident, Recreational User and Special Pathways Receptors from Radionuclides and Chemical Contaminants in the Environment.....	C-26
C.1.4.1	Methodology.....	C-26
C.1.4.2	Estimates of Ingestion Pathway Radiation Dose and Risk.....	C-29
C.2	Impacts on Human Health from Nonradioactive Contaminants in the Environment.....	C-40
C.2.1	Methods Used to Estimate Risks from Ingestion of Nonradioactive Contaminants.....	C-41
C.3	Impacts on Human Health from Biological Agents.....	C-57
C.3.1	Introduction.....	C-57
C.3.2	Principles of Biosafety.....	C-57
C.3.2.1	Safety Equipment (Primary Barriers).....	C-58
C.3.2.2	Facility Design and Construction (Secondary Barriers).....	C-58

C.3.2.3	Waste	C-58
C.3.2.4	Biological Release	C-59
C.3.3	Biosafety Levels	C-59
C.3.3.1	Biosafety Level 1	C-59
C.3.3.2	Biosafety Level 2	C-59
C.3.3.3	Biosafety Level 3	C-60
C.3.3.4	Biosafety Level 4	C-60
C.3.4	Detection	C-61
C.3.5	Select Biological Agents	C-62
C.3.6	Transmission	C-62
C.4	Key Differences Between Biological, Radiological, and Chemical Agents	C-63
C.5	References	C-64

Appendix D

Evaluation of Human Health Impacts from Facility Accidents

D.1	Introduction	D-1
D.2	Data and Analysis Changes from the 1999 SWEIS	D-1
D.3	Radiological and Chemical Accidents	D-2
D.3.1	Radiological and Chemical Scenarios and Source Terms	D-10
D.3.2	Radiological Accident Impacts	D-10
D.3.2.1	No Action Alternative	D-16
D.3.2.2	Reduced Operations Alternative	D-16
D.3.2.3	Expanded Operations Alternative	D-16
D.3.3	Chemical Accident Impacts	D-23
D.3.3.1	No Action Alternative	D-25
D.3.3.2	Reduced Operations Alternative	D-25
D.3.3.3	Expanded Operations Alternative	D-25
D.4	Site-wide Seismic Impacts	D-26
D.4.1	Source Term Data	D-27
D.4.2	No Action Alternative Impacts	D-27
D.4.2.1	Site-wide Seismic 1 – Radiological Impacts	D-27
D.4.2.2	Site-wide Seismic 2 – Radiological Impacts	D-32
D.4.2.3	Site-wide Seismic 1 – Chemical Impacts	D-33
D.4.2.4	Site-wide Seismic 2 – Chemical Impacts	D-34
D.4.3	Reduced Operations Alternative Impacts	D-37
D.4.4	Expanded Operations Alternative Impacts	D-37
D.4.4.1	Site-wide Seismic 1 – Radiological Impacts	D-37
D.4.4.2	Site-wide Seismic 2 – Radiological Impacts	D-37
D.4.4.3	Site-wide Seismic 1 – Chemical Impacts	D-38
D.4.4.4	Site-wide Seismic 2 – Chemical Impacts	D-38
D.5	Wildfire Accidents	D-38
D.5.1	Background	D-38
D.5.1.1	Consuming Combustible Structures and Vegetation	D-38
D.5.1.2	Recent Widespread Environmental Changes	D-39
D.5.1.3	Wildfire Occurrence	D-40
D.5.1.3.1	General Approach	D-40
D.5.1.3.2	Region of Interest	D-41
D.5.1.3.3	Lightning Strike Densities and Intensities	D-41
D.5.1.3.4	Modeled Fire Polygons	D-41
D.5.1.3.5	Fuel Conditions	D-42
D.5.1.3.6	Wildfire Model Development	D-42

D.5.1.3.7	Wildfire Model Results	D-43
D.5.2	Current Wildfire Hazard Conditions	D-43
D.5.2.1	Changes to the Fuels and Fire Hazard Conditions in the Past 5 Years	D-43
D.5.2.2	Potential Wildfire Scenarios	D-46
D.5.2.3	Frequency of Wildfires	D-47

Impacts Analyses of Projects to Maintain Existing Los Alamos National Laboratory Operations and Capabilities

G.1	Center for Weapons Physics Research Construction and Operation Impact Assessment	G-8
G.1.1	Introduction	G-9
G.1.2	Options Considered	G-9
G.1.2.1	No Action Option	G-9
G.1.2.2	Proposed Project	G-10
G.1.3	Affected Environment and Environmental Consequences	G-11
G.1.3.1	No Action Option	G-12
G.1.3.2	Proposed Project	G-12
G.2	Replacement Office Buildings Impact Assessment	G-20
G.2.1	Introduction	G-20
G.2.2	Options Considered	G-21
G.2.2.1	No Action Option	G-21
G.2.2.2	Proposed Project	G-21
G.2.3	Affected Environment and Environmental Consequences	G-22
G.2.3.1	No Action Option	G-23
G.2.3.2	Proposed Project	G-23
G.3	Radiological Sciences Institute, Including Phase I – The Institute for Nuclear Nonproliferation Science and Technology Impact Assessment	G-29
G.3.1	Introduction	G-30
G.3.2	Options Considered	G-30
G.3.2.1	No Action Option	G-31
G.3.2.2	Proposed Project	G-33
G.3.3	Affected Environment and Environmental Consequences	G-34
G.3.3.1	No Action Option	G-35
G.3.3.2	Proposed Project	G-40
G.4	Radioactive Liquid Waste Treatment Facility Upgrade Impact Assessment	G-60
G.4.1	Introduction	G-60
G.4.2	Options Considered	G-63
G.4.2.1	No Action Option	G-63

G.4.2.2	Option 1: Single Liquid Waste Treatment Building Option – Proposed Project	G-65
G.4.2.3	Option 2: Two Liquid Waste Treatment Buildings Option	G-66
G.4.2.4	Option 3: Two Liquid Waste Treatment Buildings and Renovation Option	G-69
G.4.2.5	Auxiliary Actions	G-70
G.4.2.6	Options Considered but Dismissed	G-70
G.4.3	Affected Environment and Environmental Consequences	G-70
G.4.3.1	No Action Option	G-71
G.4.3.2	Option 1: Single Liquid Waste Treatment Building Option – Proposed Project	G-72
G.4.3.3	Option 2: Two Liquid Waste Treatment Buildings Option	G-81
G.4.3.4	Option 3: Two Liquid Waste Treatment Buildings and Renovation Option	G-85
G.5	Los Alamos Neutron Science Center (LANSCE) Refurbishment Impacts Assessment.....	G-88
G.5.1	Introduction	G-88
G.5.2	Options Considered	G-89
G.5.2.1	No Action Option	G-89
G.5.2.2	Proposed Project.....	G-89
G.5.2.3	Options Considered but Dismissed.....	G-91
G.5.3	Affected Environment and Environmental Consequences	G-91
G.5.3.1	No Action Option	G-93
G.5.3.2	Proposed Project.....	G-93
G.6	Technical Area 55 Radiography Facility Impacts Assessment	G-97
G.6.1	Introduction	G-97
G.6.2	Options Considered	G-98
G.6.2.1	No Action Option	G-98
G.6.2.2	Option 1: New Radiography Building Option	G-99
G.6.2.3	Option 2: Hybrid Option.....	G-99
G.6.2.4	Option 3: Renovation Option.....	G-100
G.6.2.5	Options Considered but Dismissed.....	G-100
G.6.3	Affected Environment and Environmental Consequences	G-101
G.6.3.1	No Action Option	G-102
G.6.3.2	Option 1: New Radiography Building Option	G-103
G.6.3.3	Option 2: Hybrid Option.....	G-108
G.6.3.4	Option 3: Renovation Option.....	G-109
G.7	Plutonium Facility Complex Refurbishment Project Impact Assessment	G-110
G.7.1	Introduction	G-110
G.7.2	Options Considered	G-112
G.7.2.1	No Action Option	G-112
G.7.2.2	Proposed Project.....	G-112
G.7.2.3	Options Considered but Dismissed.....	G-115
G.7.3	Affected Environment and Environmental Consequences	G-115
G.7.3.1	No Action Option	G-116
G.7.3.2	Proposed Project.....	G-117
G.8	Science Complex Impact Assessment	G-124
G.8.1	Introduction	G-124
G.8.2	Options Considered	G-125
G.8.2.1	No Action Option	G-125
G.8.2.2	Option 1: Northwest Technical Area 62 Site Option	G-125
G.8.2.3	Option 2: Research Park Site Option.....	G-126
G.8.2.4	Option 3: South Technical Area 3 Site Option	G-127
G.8.2.5	Options Considered but Dismissed.....	G-127
G.8.3	Affected Environment and Environmental Consequences	G-127
G.8.3.1	No Action Option	G-128
G.8.3.2	Option 1: Northwest Technical Area 62 Site Option	G-128
G.8.3.3	Option 2: Research Park Site Option.....	G-136
G.8.3.4	Option 3: South TA-3 Site Option.....	G-139

G.9 Remote Warehouse and Truck Inspection Station Impact Assessment	G-144
G.9.1 Introduction	G-144
G.9.2 Options Considered	G-145
G.9.2.1 No Action Option	G-145
G.9.2.2 Proposed Project	G-145
G.9.2.3 Options Considered but Dismissed.....	G-147
G.9.3 Affected Environment and Environmental Consequences	G-147
G.9.3.1 No Action Option	G-147
G.9.3.2 Proposed Project.....	G-148
G.10 References	G-155

Appendix H

Impacts Analyses of Closure and Remediation Actions

H.1 Technical Area 18 Closure, Including Remaining Operations Relocation, and Structure Decontamination, Decommissioning, and Demolition Impacts Assessment	H-4
H.1.1 Introduction and Purpose and Need for Agency Action.....	H-4
H.1.2 Options Description.....	H-10
H.1.2.1 Disposition of Remaining Security Category III and IV	H-11
H.1.2.2 Disposition of Technical Area 18 Facilities.....	H-11
H.1.3 Affected Environment and Environmental Consequences	H-12
H.1.3.1 Disposition of Remaining Security Category III and IV Capabilities and Materials.....	H-12
H.1.3.2 Disposition of Technical Area 18 Buildings and Structures.....	H-13
H.2 Technical Area 21 Structure Decontamination, Decommissioning, and Demolition Project Impact Assessment	H-22
H.2.1 Introduction and Purpose and Need for Agency Action.....	H-22
H.2.2 Options Description.....	H-30
H.2.2.1 No Action Option	H-31
H.2.2.2 Technical Area 21 Complete Decontamination, Decommissioning, and Demolition Option.....	H-31
H.2.2.3 Compliance Support Option – Partial Decontamination, Decommissioning, and Demolition to Allow Consent Order Compliance	H-32
H.2.3 Affected Environment and Environmental Consequences	H-34
H.2.3.1 No Action Option	H-34
H.2.3.2 Technical Area 21 Complete Decontamination, Decommissioning, and Demolition Option.....	H-35
H.2.3.3 Compliance Support Option – Decontamination, Decommissioning, and Demolition to Support the Consent Order Activities.....	H-55
H.3 Waste Management Facilities Transition Impacts Assessment	H-59
H.3.1 Introduction and Purpose and Need for Agency Action.....	H-59
H.3.2 Options Description.....	H-64
H.3.2.1 No Action Option	H-64
H.3.2.2 Option 1: Accelerated Actions for Meeting the Consent Order.....	H-64
H.3.2.3 Option 2: Interim Actions Necessary for Meeting Consent Order and Other Options	H-73
H.3.2.4 Options Considered but Eliminated.....	H-74
H.3.3 Affected Environment and Environmental Consequences	H-75
H.3.3.1 No Action Option	H-76
H.3.3.2 Option 1: Accelerated Actions for Meeting the Consent Order.....	H-76
H.3.3.3 Option 2: Interim Actions Necessary for Meeting Consent Order and Other Alternatives	H-103
H.4 References	H-109

Volume 2 Book 2
Appendices I through M

Appendix I

Major Material Disposal Area Remediation, Canyon Cleanups, and Other Consent Order Actions

I.1	Introduction.....	I-1
I.1.1	Need for Agency Action.....	I-1
I.1.2	Purpose and Approach.....	I-2
I.1.3	Options Considered in This Project-Specific Analysis.....	I-5
I.1.4	Related National Environmental Policy Act Analyses	I-6
I.2	Background	I-7
I.2.1	General Setting	I-7
I.2.2	The Los Alamos National Laboratory Environmental Restoration Project	I-7
I.2.2.1	The Los Alamos National Laboratory Environmental Restoration Project Background....	I-7
I.2.2.2	Consent Order.....	I-9
I.2.3	Firing Sites and Other PRSs within Testing Hazard Zones	I-10
I.2.3.1	Technical Area 15: Firing Site E-F.....	I-11
I.2.3.2	Firing Site R-44	I-15
I.2.3.3	Technical Area 6: Material Disposal Area F	I-16
I.2.3.4	Technical Area 15: Material Disposal Area Z	I-19
I.2.3.5	Technical Area 36: Material Disposal Area AA	I-19
I.2.3.6	Technical Area 39: Material Disposal Area Y.....	I-20
I.2.3.7	Technical Area 49: Material Disposal Area AB	I-20
I.2.4	Canyons.....	I-20
I.2.5	Technical Area Investigations	I-21
I.2.5.1	Technical Area 10: Bayo Canyon Site.....	I-21
I.2.5.2	Technical Area 21: Material Disposal Areas A, B, T, and U.....	I-22
I.2.5.3	Technical Area 49: Material Disposal Area AB	I-41
I.2.5.4	Technical Area 50: Material Disposal Area C.....	I-50
I.2.5.5	Technical Area 54: Material Disposal Areas G, H, and L	I-55
I.2.6	Other Solid Waste Management Units and Areas of Concern, Including Aggregate Areas.....	I-70
I.2.7	Continuing Investigations.....	I-70
I.2.7.1	Solid Waste Management Unit 3-010(a): Vacuum Oil Disposal Area	I-72
I.2.7.2	Solid Waste Management Unit 16-003(O): Fish Ladder Site.....	I-72
I.2.7.3	Solid Waste Management Unit 16-008(a): Inactive Pond	I-72
I.2.7.4	Solid Waste Management Unit 16-018 (Material Disposal Area P) and Technical Area 16-387	I-73
I.2.7.5	Solid Waste Management Units 16-021(c) and 16-003(k): 260 Outfall.....	I-73
I.2.7.6	Solid Waste Management Unit 21-001(k): Technical Area 21 Outfall	I-75
I.2.7.7	Technical Area 35 (Middle Mortandad–Ten Site Aggregate Area).....	I-76
I.2.7.8	Technical Area 49: Areas 5, 6, and 10.....	I-78
I.2.7.9	Solid Waste Management Unit 53-002 (a and b): Impoundments.....	I-78
I.2.7.10	Solid Waste Management Unit 73-001 (a–d) and 73-004 (d): Airport Landfill	I-79
I.2.7.11	Solid Waste Management Unit 73-002: Incinerator Ash Pile.....	I-79
I.2.8	Additional Material Disposal Areas	I-80
I.2.8.1	Technical Area 8: Material Disposal Area Q.....	I-80
I.2.8.2	Technical Area 9: Material Disposal Area M.....	I-80
I.2.8.3	Technical Area 15: Material Disposal Area N.....	I-81
I.2.8.4	Technical Area 16: Material Disposal Area R.....	I-81
I.2.8.5	Technical Area 33: Material Disposal Areas D, E, and K	I-82
I.3	Description of Options.....	I-84
I.3.1	Overview of Options	I-84
I.3.2	Continuing Environmental Restoration Work	I-85

I.3.2.1	Existing Waste Forecasts	I-85
I.3.2.2	Investigations	I-88
I.3.2.3	Maintenance of Nuclear Environmental Sites	I-90
I.3.3	Remediation of Material Disposal Areas	I-92
I.3.3.1	Corrective Measure Technologies Possibly Suitable for Material Disposal Areas	I-93
I.3.3.2	Options for Remediation of Material Disposal Areas	I-111
I.3.4	Remediation of PRSs other than Material Disposal Areas	I-167
I.3.4.1	Possible Treatment Technologies	I-167
I.3.4.2	Remediation of Representative PRSs	I-168
I.3.4.3	Waste Generation Estimates	I-171
I.3.5	Waste Transportation and Disposal Assumptions	I-171
I.3.6	Waste, Materials, Shipment, and Personnel Projections Under Options	I-174
I.3.6.1	Waste Generation	I-174
I.3.6.2	Transportation and Disposal of Waste	I-176
I.3.6.3	Cover Materials, Excavated Soil, and Materials Transport	I-179
I.3.6.4	Equipment, Emissions, and Personnel Assumptions	I-184
I.3.6.5	Affected Area Assumptions	I-191
I.4	Affected Environment	I-193
I.4.1	Land Resources	I-193
I.4.1.1	Land Use	I-193
I.4.1.2	Visual Environment	I-197
I.4.2	Geology and Soils	I-200
I.4.3	Water Resources	I-200
I.4.4	Air Quality and Noise	I-203
I.4.4.1	Climatology and Meteorology	I-203
I.4.4.2	Air Quality and Visibility	I-204
I.4.4.3	Noise, Air Blasts, and Vibration	I-204
I.4.5	Ecological Resources	I-205
I.4.6	Human Health	I-211
I.4.7	Cultural Resources	I-211
I.4.7.1	Archaeological Resources and Historic Buildings and Structures	I-211
I.4.7.2	Traditional Cultural Properties	I-214
I.4.8	Socioeconomics and Infrastructure	I-214
I.4.8.1	Socioeconomics	I-214
I.4.8.2	Infrastructure	I-214
I.4.9	Waste Management	I-215
I.4.10	Transportation	I-215
I.4.11	Environmental Justice	I-219
I.5	Environmental Consequences	I-219
I.5.1	Land Resources	I-219
I.5.1.1	No Action Option	I-219
I.5.1.2	Capping Option	I-220
I.5.1.3	Removal Option	I-223
I.5.2	Geology and Soils	I-225
I.5.2.1	No Action Option	I-225
I.5.2.2	Capping Option	I-226
I.5.2.3	Removal Option	I-226
I.5.3	Water Resources	I-227
I.5.3.1	No Action Option	I-227
I.5.3.2	Capping Option	I-230
I.5.3.3	Removal Option	I-233
I.5.4	Air Quality and Noise	I-234
I.5.4.1	No Action Option	I-234
I.5.4.2	Capping Option	I-236
I.5.4.3	Removal Option	I-240

I.5.5	Ecological Resources.....	I-243
I.5.5.1	No Action Option	I-243
I.5.5.2	Capping Option.....	I-244
I.5.5.3	Removal Option.....	I-245
I.5.6	Human Health.....	I-246
I.5.6.1	No Action Option	I-246
I.5.6.2	Capping Option.....	I-247
I.5.6.3	Removal Option.....	I-248
I.5.7	Cultural Resources.....	I-254
I.5.7.1	No Action Option	I-254
I.5.7.2	Capping Option.....	I-254
I.5.7.3	Removal Option.....	I-255
I.5.8	Socioeconomics and Infrastructure.....	I-255
I.5.8.1	No Action Option	I-255
I.5.8.2	Capping Option.....	I-255
I.5.8.3	Removal Option.....	I-256
I.5.9	Waste Management	I-256
I.5.9.1	No Action Option	I-256
I.5.9.2	Capping Option.....	I-257
I.5.9.3	Removal Option.....	I-257
I.5.10	Transportation	I-258
I.5.10.1	No Action Option	I-258
I.5.10.2	Capping Option.....	I-260
I.5.10.3	Removal Option.....	I-263
I.5.11	Environmental Justice	I-266
I.5.11.1	No Action Option	I-266
I.5.11.2	Capping Option.....	I-266
I.5.11.3	Removal Option.....	I-267
I.5.12	Accidents	I-267
I.5.12.1	Risks to Public	I-268
I.5.12.2	Risks to Workers	I-275
I.5.13	Cumulative Effects	I-276
I.6	References.....	I-279

Appendix J

Impacts Analyses of Projects Associated with New Infrastructure or Levels of Operation

J.1	Security-Driven Transportation Modifications Impacts Assessment.....	J-3
J.1.1	Introduction, Purpose, and Need for Agency Action.....	J-3
J.1.2	Options Descriptions	J-6
J.1.2.1	No Action Option	J-6
J.1.2.2	Proposed Project: Construct Security-Driven Transportation Modifications in the Pajarito Corridor West.....	J-6
J.1.3	Affected Environment and Environmental Consequences	J-14
J.1.3.1	No Action Option	J-15
J.1.3.2	Proposed Project: Construct Security-Driven Transportation Modifications in the Pajarito Corridor West.....	J-15
J.1.3.3	Auxiliary Action A: Construct a Bridge from Technical Area 35 to Sigma Mesa and a New Road toward Technical Area 3.....	J-30
J.1.3.4	Auxiliary Action B: Construct a Bridge from Sigma Mesa to Technical Area 61 and a Road to Connect with East Jemez Road.....	J-34
J.2	Metropolis Center Increase in Levels of Operation Impacts Assessment.....	J-38
J.2.1	Introduction, Purpose, and Need for Agency Action.....	J-38
J.2.2	Options Descriptions	J-40

J.2.2.1	No Action Option: Continue Metropolis Center Operations Using the Existing Computing Platform.....	J-40
J.2.2.2	Proposed Project: Modify and Operate the Metropolis Center at an Expanded Computing Platform.....	J-40
J.2.3	Affected Environment and Environmental Consequences	J-40
J.2.3.1	No Action Option	J-41
J.2.3.2	Proposed Project: Modify and Operate the Metropolis Center at an Expanded Computing Platform.....	J-42
J.3	Increase in the Type and Quantity of Sealed Sources Managed at Los Alamos National Laboratory by the Off-Site Source Recovery Project Impacts Assessment.....	J-43
J.3.1	Introduction, Purpose, and Need for Agency Action.....	J-44
J.3.2	Options Descriptions	J-47
J.3.2.1	No Action Option	J-47
J.3.2.2	Proposed Project: Increase in the Type and Quantity of Sealed Sources Managed at Los Alamos National Laboratory by the Off-Site Source Recovery Project.....	J-48
J.3.3	Affected Environment and Environmental Consequences	J-49
J.3.3.1	No Action Option	J-50
J.3.3.2	Proposed Project: Increase in the Type and Quantity of Sealed Sources Managed at Los Alamos National Laboratory by the Off-Site Source Recovery Project.....	J-51
J.4	References.....	J-59

**Appendix K
Evaluation of Human Health Effects from Transportation**

K.1	Introduction.....	K-1
K.2	Scope of Assessment.....	K-1
K.2.1	Transportation-related Activities.....	K-1
K.2.2	Radiological Impacts.....	K-2
K.2.3	Nonradiological Impacts.....	K-2
K.2.4	Transportation Modes.....	K-2
K.2.5	Receptors.....	K-2
K.3	Packaging and Transportation Regulations	K-3
K.3.1	Packaging Regulations	K-3
K.3.2	Transportation Regulations.....	K-5
K.4	Transportation Analysis Impact Methodology.....	K-6
K.4.1	Transportation Routes	K-8
K.4.2	Radioactive Material Shipments.....	K-11
K.5	Incident-Free Transportation Risks.....	K-12
K.5.1	Radiological Risk	K-12
K.5.2	Nonradiological Risk.....	K-14
K.5.3	Maximally Exposed Individual Exposure Scenarios	K-14
K.6	Transportation Accident Risks and Maximum Reasonably Foreseeable Consequences.....	K-15
K.6.1	Methodology	K-15
K.6.2	Accident Rates.....	K-15
K.6.3	Accident Severity Categories and Conditional Probabilities.....	K-16
K.6.4	Atmospheric Conditions	K-17
K.6.5	Radioactive Release Characteristics.....	K-18
K.6.6	Acts of Sabotage or Terrorism.....	K-19
K.7	Risk Analysis Results.....	K-19
K.8	Impact of Construction and Hazardous Material Transport.....	K-26

K.9 Conclusions.....K-27

K.10 Long-Term Impacts of Transportation.....K-27

 K.10.1 Uncertainty and Conservatism in Estimated Impacts K-28

 K.10.2 Uncertainties in Material Inventory and Characterization..... K-29

 K.10.3 Uncertainties in Containers, Shipment Capacities, and Number of Shipments..... K-29

 K.10.4 Uncertainties in Route Determination K-30

 K.10.5 Uncertainties in the Calculation of Radiation Doses K-30

K.11 References.....K-31
